Why Hills does Mission Trips

There are many rewards but only one target:

Reward: The goer (You)

A 'goer' witnesses first-hand God's gospel advance throughout the nations, learns about other cultures and grows in Christ as they trust Him and see Him answer prayer.

Reward: The sender (Hills Bible Church)

The church is blessed to send 'goers' and share in their joy when they return.

Reward: In-country believers

Local believers are encouraged to press on in their faith as they witness the passion, love and zeal of Hills 'goers'.

Reward: In-country unbelievers

We witness God use mission trips to bring the love of Jesus Christ in the gospel to local unbelievers.

Target: The missionary

The target of our mission trips revolves around the axis of the missionary: their family, ministry and strategy. Our mission trips are designed to come alongside the missionary and support them where needed most. When this is done our missionaries are more effective and better able to carry out their God-given task.

ARMENIA

Mission Trip

2023

29th June – 12th July

Information meeting 4th Dec, after
the morning service

What to expect

In 2019 Hills had their first missions trip to Armenia. There we helped our supported church planters, Haykaz and Lika, to restore the church building and engage the community of Agarak through a four-day children's program. Since this time the ministry in Agarak has grown and a further church building project has commenced. We are now planning a second trip to occur next year. In similar fashion to our work in 2019 we will carry out further restoration work on their existing church building as well as assist them in reaching their community by conducting a children's and teen holiday Bible program.

You will experience the Armenian culture at its best, as you learn about their rich and tragic history, taste the food, and fall in love with the people. Most of all, you will get to worship with, encourage and help God's servants, Haykaz and Lika, as they reach their community for Christ.

AVAILABLE TO AGE 14+

Those under 18 must be accompanied by a parent of the same gender.

COST: \$3,700 (to promote short term missions a 10% subsidy will be deducted for all participants)

Price includes flights, accommodation and all meals in Armenia. It does not include visa, passport, medical costs and insurance.

DATES: 29th June – 12th July 2023
